### BIOGRAPHY

Mike joined McLarens (formerly McLarens Young International) in 2004 as a General Adjuster specialising in Jeweller's Block and Fine Art claims. He worked for John Eastern Company as a General Adjuster, where he was responsible for creating the Jeweller's Block Division. He served as Claims Manager and was responsible for the creation and management of the Claims Department for Symons International Group in Ft. Lauderdale, FL.

As a Group Manager of Quantum International Group, Mike was responsible for the establishment and operation of the Florida claims office. He served an integral role in the formation of Graham Miller in Canada, a subsidiary of Crawford & Co. He was responsible for developing the specialty lines market, handling large property claims, training and supervising adjusters, and providing assistance to national and branch sales representatives.

Mike brings with him a successful track record and professional experience in the insurance industry with particular emphasis in Jeweller's Block and Fine Art work in the United States and worldwide. This includes claims handling and Pre-Risk Surveys on behalf of the London market and domestic carriers.
