BIOGRAPHY

Trevor started in claims in 1992 with The Hartford as an inside multi-lines adjuster. In 1998, he was hired by Atlantic Mutual Insurance Company handling property claims for higher end homes and specialty businesses.

In 2001, Trevor moved to Portland, working for CGU/North Pacific as a property field adjuster handling both personal and commercial losses. A few years later, he accepted a position with American Family as field property adjuster handling personal lines only. In 2006, Trevor was hired by Allied/Nationwide as a Large Loss property adjuster where he gained great experience handling large and complex claims for both personal and commercial lines.

In 2008, Trevor was hired as a Field Unit Leader by Liberty Mutual, where he was responsible for managing, reviewing and educating the independent adjusters and restoration vendors for Liberty Northwest and Golden Eagle Insurance companies. In 2011, Trevor accepted a position as a General Adjuster with Norcross (formerly Washington Oregon Claim Service).

Trevor opened a Norcross office in Minneapolis in 2017, where he continues to handle both personal and commercial property losses, as well as construction defect claims.
