The McLarens team already offers deep expertise and we are able to reposition people in new and expanded roles, while also attracting top external talent to our team."

THAILAND OPERATION

Robert Lea, Managing Director, and **Tim Bain**, Technical Director, have advised of their desire to step-down from their current positions, effective 1st January 2019, and 1st November 2018, respectively.

Mr. Lobl joins us from an international adjuster in Thailand and brings vast experience to the role. He has strong technical skills and is culturally aware of living and working in Thailand. He will work closely with Tim Hollinrake.
