BIOGRAPHY

Alex read Real Estate Management (General Property Surveying) achieving a first-class degree before joining a leading UK loss adjusting company on their graduate program and subsequently their Executive Adjusting team upon completion of the program.

In 2016, Alex relocated to Hong Kong where he has handled claims for a variety of construction projects and commercial enterprises in both Hong Kong and Macau which have included several major losses arising from material and workmanship defects, typhoon/cyclone damage and machinery breakdown incidents.

Alex has experience in CAR/EAR, DSU/ALOP, Construction Liability, Machinery Breakdown, PAR and Business Interruption across a range of risks including hotels, casinos, ports, airports, railways, theme parks, power stations, waste management facilities and hospitals.

Alex is a Chartered Loss Adjuster as an Associate of the Chartered Institute of Loss Adjusters, is an Associate of the International Federation of Adjusting Associations, holds an RICS accredited surveying degree and is a member of the Chartered Institute of Insurers.
