- University College London, UK  
*BEng (Civil Engineering)*
- MBA in University of Western  
Sydney, HK

### BIOGRAPHY

Kenny worked in the engineering and construction industry in Hong Kong as almost 10 years prior to entering the insurance industry. During this phase, Kenny acquired a sound working knowledge of construction contracts, and also gained some knowledge of insurance claims from losses occurring on these projects. Kenny joined the loss adjusting industry in 2008 as Engineering Adjuster handling a range of construction claims in Hong Kong and Macau.

Kenny became a Chartered Loss Adjuster in 2014. He was mainly responsible for complex CAR claims and provides other adjusters with engineering advice. Kenny acquired sound knowledge of CAR policy, and also possessed good claim assessment and negotiation skills. Kenny spent almost 4 years in insurers leading Property and Engineering team. He has strong analytical and management skills and successfully helped the team improving the quality of the claims.
