Erection All Risk  
Machinery Breakdown  
Power & Energy

### BIOGRAPHY

Mike started his adjusting career in 1998 as an Engineering Adjuster at McLarens Hong Kong when he moved to Asia. Prior to that he worked for five years as a Sectional Engineer for Gold Fields of South Africa.

In 2001 Mike moved to another international adjuster in Hong Kong and was soon promoted into the position of Director. In 2005 Mike was appointed Managing Director of the Hong Kong business but continued to be very involved in the handling of large and complex losses in Hong Kong and throughout the Asia region. In 2010 his role was expanded and he was appointed to the position of General Manager for the Greater China region while still managing the Hong Kong business.

In 2017 Mike was promoted to the position President Asia for the same firm having responsibility for the operations throughout the Asia region, a position he held until 2020.

Mike rejoined McLarens in 2020 as Regional Director Asia and is responsible for our operations in this region.
