

## PRESS RELEASE

### MCLARENS FORMS STRATEGIC ALLIANCE WITH LEADING POLISH FIRM

*Global claims services provider partners with Saltex to offer specialist services to clients in Poland*

**ATLANTA, GEORGIA - 22 NOVEMBER 2021:** [McLarens](#), a leading global insurance services provider, has entered into a strategic alliance with [Saltex](#), a Polish complex claims management and loss adjusting firm with offices in Warsaw and Wroclaw. Operating as McLarens' exclusive affiliate in Poland, the partnership with Saltex will further strengthen McLarens' European footprint, offering domestic and international clients access to comprehensive claims coverage across Poland, and providing a platform for growth across Eastern Europe.

Saltex's team of specialist adjusters, led by co-owners Malgorzata Altdorfer-Wasikowska and Mariusz Siminski, have served clients throughout the country and internationally since the business launched in 2005. In line with McLarens' focus on complex, commercial and major loss, the firm specialises in the full spectrum of commercial insurance claims including Property, Liability, Construction All Risks (CAR), Business Interruption, and Machinery Breakdown. Saltex's highly experienced adjusters deliver technical loss adjusting services across a range of sectors including Energy, Natural Resources, Infrastructure, Construction & Engineering, and Property (commercial and residential).

**Malgorzata Altdorfer-Wasikowska, co-owner, Saltex:** "We welcome this important partnership with McLarens. It will allow Saltex to further expand its offering, building upon the comprehensive range of services that we have developed in relation to complex and commercial claims."

**Mariusz Siminski, co-owner, Saltex:** "Our business is founded upon the expertise of our market-leading technical adjusters. What sets us apart is our ability to handle assignments across the commercial spectrum, combining both technical expertise and specialist sector-focussed experience. With this in mind, McLarens and Saltex are a great fit, and we look forward to working closely with the team, when servicing clients both in Poland and internationally."

**Chris Panes, Chief Operating Officer, Europe, Middle East, Asia Pacific, McLarens:** "We are continuing to strengthen our European network and this alliance will further extend our proposition for both domestic Polish and international clients. Saltex is a recognised leader in the Polish market, whose values and technical expertise closely align with those of McLarens. We're delighted to be working with Malgorzata, Mariusz and the team."

## **NOTES TO EDITORS**

### **About Saltex:**

Founded 2005, Saltex offers commercial loss adjusting services in Poland and works with leading insurance companies, brokers, and corporate entities. The team, led by co-owners Malgorzata Altdorfer-Wasikowska and Mariusz Siminski, has handled over ten thousand claims since the business was formed. What sets Saltex apart from competitors is its combination of theory and practice. Saltex's team of expert practitioners offer market-leading knowledge, credentials, and skills built through years of experience and practical knowledge, operating across a range of different sectors.

### **About McLarens:**

Founded in 1931, McLarens is a leading independent global insurance services provider with offices and operations strategically located in 41 countries around the world. With a focus on complex, commercial and niche markets, the company provides loss adjusting, claims and risk management services, as well as auditing and pre-risk surveying. McLarens' global footprint enables it to provide streamlined consistent service to clients across the world, while at the same time delivering local expertise and responsive service. The company's expert adjusters have an average of over 20 years' experience, operating across a range of industries with specialties including: Property, Crisis Management, Natural Resources, Construction & Engineering, Agriculture, Aviation, Casualty, Marine, FAJ & Specie, Global TPA Services and Environmental consulting services.
