Marine – Latin America

Quality is at the Heart of McLarens

McLarens is trusted by clients worldwide to deliver the best in claims management, from loss adjusting and auditing services and damage surveying. Throughout our extensive global presence, our reputation for quality is built on the expertise and local knowledge of our stable teams of loss adjusters, each directed by market leading figures.

Local Expertise

McLarens service locations in Latin America are strategically located to respond rapidly to clients' instructions at any time. With the resources of its integrated global network, McLarens is committed to providing quality services to local insurance markets and its customers and the reinsurance market. We have experience and technical expertise in each of our specialties and have been working in the region for over 30 years. Today, we operate from 15 locations in Latin America.

Our licensed, qualified and multi-lingual adjusters with marine experience based in Argentina, Brazil, Chile, Colombia, Mexico, and Panama and affiliate offices in Ecuador and Peru work in cooperation with our other local offices; all well versed in the legal landscape and social and cultural mores of a particular jurisdiction.

“We understand that local Insured’s want to deal with local adjusters. McLarens is committed to delivering solutions that satisfy all stakeholders. Using a hybrid model, we are confident we can achieve cost savings while continuing to meet the highest standards of service.”
