ADJUSTER EXPERIENCE

10 years

BIOGRAPHY

Leung graduated from Guangzhou Electrical Technician College majoring in mechanical and electrical engineering. He obtained a bachelors degree in electrical engineering and automation from South China University of Technology.

Leung served as an Assistant Engineer in a local cogeneration power plant company for 7 years, during which time he was engaged in the maintenance of turbine generators, transformers, and circuit breakers. In 2009, Leung joined a local electrical construction supervision company as an engineering supervisor, where he was responsible for the supervision of large power transformers and electrical power equipment.

Leung joined McLarens in 2014 as a loss adjuster in the Construction & Engineering Department.
