BIOGRAPHY

Jerry graduated from Civil Aviation University of China with his Bachelor's degree and started his aviation career in 2005 with Shanghai Airlines in China, working on B737/B757/B767/CRJ as a base maintenance mechanic. After that, he worked for Cathay Pacific Airways as a HKAR-66 B1.1 licensed aircraft engineer, obtaining type ratings on A320/A330/A340/B747/B777 operated by Cathay Pacific Airways and Cathay Dragon. He also obtained his CCAR-66 maintenance license through self-study. Prior to joining McLarens Aviation, Jerry has 12 years' experience on both base maintenance and line maintenance.
