ADJUSTER EXPERIENCE

33 Years

BIOGRAPHY

Kim joined McLarens in 2020 having gained over 25 years experience, working within 3 leading loss adjusting practices in the UK and operating at executive team leadership level. She has over 30 years cross-class operational management experience within several leading loss adjusting and third party administration businesses.

In her early career, Kim spent 3 years working within an Insurer liability claims department before becoming a trainee loss adjuster with McLarens. She quickly progressed through the ranks from Branch Manager to Area Director and following the acquisition of McLarens UK by Capita, was appointed Head of Liability. She then moved to GABR, spending 6 years as Head of Casualty, before joining Davies Group. At Davies, as Director for Strategic Accounts and Business Development.

As a member of the Women in CILA group, Kim is actively involved in promoting diversity within the Insurance profession, supporting women to progress through various mentoring activities and programmes.
