### BIOGRAPHY

A seasoned insurance industry veteran, Christopher Friedley has close to two decades of experience handling claims, primarily along the Gulf Coast in Mississippi and Louisiana, especially the Baton Rouge and New Orleans areas. Throughout his residential and commercial property adjusting career, working for major insurance carriers like Foremost and Farmers Insurance, Christopher's skills in consistently providing excellent customer service grew, leading to recognition and praise from co-workers. In his adjusting career all across the Southeast, Christopher has handled many million-dollar losses stemming from fires, hurricanes, tornadoes, and even building explosions.

A graduate of the University of South Alabama, Christopher has always made continuing education a focus during his professional career, earning certifications from organizations such as The Institutes and Haag Engineering along the way.

Christopher's expertise as a commercial lines adjuster will be a valued asset as McLarens continues to invest in the clients in the Gulf Coast region, especially into the Alabama coastal area.

Christopher works in the Southern Mississippi region and his mailing address is: 2953 Bienville Blvd., Suite 294  
Ocean Springs, MS, 39564 USA
