BIOGRAPHY

Frederick began his career as an independent adjuster in 2006 where he started by handling various categories of claims in the liability and property fields for both residential and commercial losses. Since 2010, he has specialized in the Entertainment, Media and Contingency insurance fields. Since then, Frederick became a subject matter expert for Film & Entertainment at a major independent firm (Crawford) handling claims across Canada. In 2016, he was recruited by a major Entertainment specialized broker firm in to act as a broker and claims manager for the Paris (France) office (FrontRow Insurance Brokers).

In 2017, Frederick returned to work as an independent adjuster and since then, pursued his career by handling claims related to the field of Entertainment, Media & Contingency (Cast, Extra Expenses, Civil Authority, Property damage), but also Commercial property losses.

When the 2020 COVID-19 pandemic hit, Frederick handled hundreds of claims associated with the interruptions of movie and TV series sets in the provinces of Quebec and Ontario. He was also selected by the government entities (Telefilm and SODEC) to act as their consultant and claims adjuster for the COVID-19 relief funds. Licensed independent adjuster in Quebec, Ontario and BC.
