

## Japan

Japan is considered one of the most challenging insurance markets in the world, with its unique customs and traditions.

Our McLarens Japan office is located in Tokyo and we have a team of three experienced loss adjusters – each equipped with a unique set of expertise and background – who bring with them a vast network of varied stakeholders in the market.

Our strength is in the ability to handle relatively small-scale losses independently and quickly, as well as responding to complex claims by forming a suitable team, either by liaising within the Tokyo team or utilizing McLarens’ rich network of experts around the globe.

The end-result is the best quality services provided to our clients within an optimum time frame, while drawing upon minimal resources.

Over the years, McLarens Japan has won the loyalty of the most influential Insurers in the Japanese market, while maintaining a close relationship with the international insurance market.
