BIOGRAPHY

After graduating in Construction Management, Anthony worked for a loss adjuster in London, specializing in CAR/EAR and Construction Liability losses on several major projects throughout the UK and the rest of Europe, as well as Construction Plant and Equipment.

Anthony has worked in the London market handling major claims on a home foreign basis, for projects/risks in South America, Mexico, and the Caribbean.

Anthony commenced working with McLarens in 2018 as a Regional Adjuster based in Singapore, bringing his expertise in Construction & Engineering claims, adding to the existing presence throughout the region.

Since joining McLarens, Anthony has handled major construction losses, throughout South East Asia, on projects such as Power Stations, Oil Refineries and Run of River. He has also led claims that concern Machinery Breakdown and Business Interruption in the power and energy sectors. Anthony also has experience of catastrophe events handling high value losses throughout the World.
