

Asia Locations

Singapore

McLarens Singapore is a regional insurance hub for South East Asia. Our team works closely with our clients on claims across the region. Our role has become increasingly necessary as the Singapore Insurance market continues to grow in capacity and influence.

McLarens Singapore is a key component of the *McLarens Major Markets Initiative* which features a dedicated liaison and information transfer conduit between the various McLarens offices (and their respective regions) that in turn links to other dedicated offices. This ensures that data and discussion can effectively take place between the various key stakeholders on large international placements such as major construction projects.

Our specialities in Singapore include:

- Property
- Casualty & Liability
- Construction & Engineering
- Machinery & Erection All Risks
- Marine & Transportation
- Pre & Post Conditional Surveys
- Risk Engineering Surveys
- Fraud Investigation
- Business Interruption
