### SPECIALTIES

Construction & Engineering

### ADDITIONAL EXPERTISE

Liability, Professional Liability,  
Architecture and Construction

### ADJUSTER EXPERIENCE

11 Years

### BIOGRAPHY

Stefan studied Architecture at Delft University of Technology, following which he started his career in 1996 in architecture.

He worked at several architectural firms in Rotterdam and The Hague and on various (large-scale) housing projects and multifunctional buildings before he started as a loss adjuster in 2012, specializing in construction-related and (professional) liability claims for architects and engineers. Stefan joined McLarens BV in 2021.
