ADJUSTER EXPERIENCE

6 years

BIOGRAPHY

Krishal is a qualified Civil Engineer, who joined McLarens as a Loss Adjuster in early 2018 after gaining valuable experience in a highly regarded local engineering firm, working closely with the insurance market.

He specialises in Property and Construction and Engineering losses, utilising his engineering qualifications and experience to provide expert assessment and advice to all parties to a claim.

Krishal has worked on claims across a wide range of loss types, including Marine, Machinery Breakdown, Contract Works, Casualty and Financial Lines.

Prior to joining McLarens, Krishal gained valuable experience in Catastrophe Response, leading a team of Engineers completing rapid assessments of a variety of Government Buildings, Residential and Commercial Property during the response to Cyclone Winston in 2016. He then completed detailed audit and assessment of the damaged properties for reinstatement.
