

## Overview & History

# Quality is at the heart of McLarens

McLarens is trusted by clients worldwide to deliver the best in claims management, from loss adjusting and auditing services to pre-risk and damage surveying.

Throughout our extensive global presence, our reputation for quality is built on the expertise and local knowledge of our loss adjusters who bring an average of 20 years' experience to the job.

Employee-owned, the McLarens Group of today, results from the merger in 2004 of the U.K.-based McLarens International Group (tracing its history back to 1931) and the U.S.-based Maxon Young Associates (founded 1982), which brought together our international and U.S. entities to form a global loss adjusting and claims management company, now headquartered in Atlanta, Georgia USA.

## Local Expertise

McLarens Korea Ltd was established in 2001 and grew out of a long-term relationship with a firm of marine surveyors and marine claims consultants. The company is staffed by highly experienced and qualified professionals and has grown to become one of the largest adjusting operations in Korea owned by an international firm.

McLarens Korea Ltd is based in Seoul and is able to respond rapidly to clients' instructions at any time.

With the resources of its integrated global network, McLarens is committed to providing quality services to the Korean insurance market and its customers. In addition to our standard product lines, our adjusters specialise in Complex Loss, Crisis Management, Product Liability, Casualty, Specie, Machinery Breakdown, Engineering & Energy, Construction & Erection All Risks, and Business Interruption.
