Risk Services Consulting

BIOGRAPHY

Pierluigi started his career as an insurance loss adjuster and expert in 1990, as assistant of his uncle: one of the main Italian loss adjusters, Eng. Marco Guazzini. They founded the Fire Gest S.r.l. company in 1991 that has been recognized over the last 30 years as one of the top level companies in the corporate and specialty claims market in Italy.

During his 30 year long career, Pierluigi has managed complex claims of relevant value for the most important Italian and international insurance companies in Italy and Europe, in almost any industrial and commercial sector. Thanks to Pierluigi's background in economics he is also specialized in Business Interruption claims.

Pierluigi is a Senior Member of AIPAI (Italian loss adjusters association) and FUEDI (The European Federation of Loss Adjusting Experts).
