BIOGRAPHY

Saridpong began his career in the engineering field for two years before he entered loss adjusting with McLarens (Thailand) in 2000. He has an excellent understanding of both written and spoken Thai and English.

He has handled numerous major / high profile losses in Thailand. He has extensive technical experience on construction projects and operational programs. Recent catastrophe experience includes the 2004 tsunami and the 2011 Thai floods.

Some of the most notable claims managed by Saridpong include various claims for fires after political protests in 2010. He has also handled hotel losses following the 2004 tsunami. During the Thai floods in 2011, he worked numerous major losses for automobile and electronics companies, food manufacturers, and airports.
