### SPECIALTIES

Energy & Natural Resources

### ADDITIONAL EXPERTISE

Oil & Gas, Power & Energy

### ADJUSTER EXPERIENCE

10 years

### BIOGRAPHY

Daniel began his career in 2012 as a MWD field engineer (FET) then (FE-1) in Houston, Texas. He also worked as a cross-over directional driller. From there, Daniel became an energy loss adjuster with a Houston-based international provider of specialized loss adjusting and risk assessment services to the global energy industry. Later he relocated to Mexico City as an energy manager with another global firm.

Daniel joined McLarens in 2019 and brings considerable technical expertise to expand our Natural Resources capabilities throughout Latin America, with specific knowledge of the offshore energy market. In addition to his technical capabilities, Daniel is bilingual in English and Spanish.

### NOTABLE ASSIGNMENTS

- Control of Well: Surface blowout in Mexico (USD 12 Million)
- Warehouses: Fire (USD 11 Million)
- Power Generator: Physical damage in Ecuador (USD 9 Million)
