### ADJUSTER EXPERIENCE

27 years

### BIOGRAPHY

Cristian specialises in handling global accounts and adjusting international cargo losses. His expertise is managing pharmaceutical, petrochemical, electronics, engineering, and food industry accounts. He has been a loss adjuster and surveyor handling marine, air, and land cargo transportation insurance claims since 1997.

Cristian has partaken in various training courses and seminars regarding cargo insurance coverage, risk analysis, and loss prevention. In addition to managing the Argentina Marine & Transportation division he works to develop and strengthen client relationships in the region. Cristian is highly regarded in the commercial loss adjusting industry and teaches courses for insurance companies and brokers on cargo loss adjustment and loss prevention, as well as security measures applicable to inland cargo transportation.
