BIOGRAPHY

Jeff has been involved with in all types of liability insurance claims since 1980 working across UK, Europe, South America and New Zealand. His time across these various markets has provided a breadth of knowledge on complex claims management that can be applied to most casualty and financial lines types of claims.

From 1986 to 2001, Jeff contributed significantly to McLarens UK's Liability Division, gaining a reputation for his problem-solving skills and dedication to clients.

After moving to New Zealand, Jeff founded Casualty and Professional Services Limited (CPS) in 2007, a leading liability and financial lines specialist adjusting firm in New Zealand before joining McLarens in 2023.

Jeff's career is marked by handling complex, high-value claims, including pollution, product recalls, professional indemnity, and general liability.

He is a Senior Associate of ANZIIF, Associate of the Chartered Insurance Institute (UK) and holds a Certificate of Approval as a Licensed Private Investigator with the PSPLA.

Jeff has extensive experience providing niche investigations and handling of casualty and financial lines claims, including those emanating from major and complex losses.
