BIOGRAPHY

Marco De Leon has over 35 years of experience in the insurance industry, starting his career on the adjusting side with the world's largest adjuster before moving to the world's largest broker. Marco worked on the claims adjusting side with AIG and Allianz, investigating and analyzing claims, before moving back to world of loss adjusting.

During his extensive career, Marco has handled top Fortune 1000 companies' losses with respect to commercial property, liability, and builder's risk losses. During this time, he has also assisted with risk management accounts with respect to property damages, business interruption, builders' risk, manufacturing facilities, and energy plants. Additionally, Marco has also adjusted many CAT losses, including flooding and hailstorms, the Northridge Earthquake, and the 9/11 attacks. He has also handled losses from Hurricanes Isabel, Katrina, Rita, Wilma, Gustav, Ike, and Nicole.

Marco has a B.A. in Economics from UCLA and is a former Board of Directors member of the Los Angeles CPCU chapter.
