ADJUSTER EXPERIENCE

1 years

BIOGRAPHY

Imad joined McLarens in 2022 as an adjuster, having previously been the lead project manager for a small, Independent contractor. As a team member for the contractor, Imad worked his way up from a general laborer to project manager before departing. He gained an extensive knowledge of building structures and construction during his time at the contractor, as well as the importance of providing a great work product with exceptional customer service.

With McLarens Imad continues to be able to use this knowledge to hone his skillset as an adjuster and excel in the field. As a licensed adjuster, Imad started out adjusting basic residential claims before working his way up to large-scale commercial losses. Imad quickly advanced to the title of Senior Adjuster within his first year.

Imad appreciates that the insurance adjusting field has an infinite amount of knowledge to offer and that every day is a new experience. He looks forward to his career with McLarens as an independent adjuster, providing excellent service while focusing on client satisfaction.
