BIOGRAPHY

Mahesh began his career with McLarens in 2010 after graduating with a First-Class Honours Masters Mechanical Engineering from King's College London.

Having passed all examinations taken, Mahesh subsequently attained the Associateship in Insurance Claims from the Chartered Insurance Institute and is also an Associate of the Chartered Institute of Loss Adjusters.

In 14 years at McLarens, Mahesh has developed a knowledge base across a wide range of claims including commercial property, contract works, engineering, plant, cyber and transit losses and has handled some significant major losses in the commercial property sector, both internationally and in the UK.

Mahesh is now our Executive Adjuster - UAE region.
