certified, Business Interruption -
certified, Fire Cause and Origin
trained

LANGUAGE SKILLS

English and limited Spanish

ADJUSTER EXPERIENCE

29 years

BIOGRAPHY

A Houston native, Trey Johnson comes to McLarens as a Senior Executive General Adjuster with over two decades of insurance adjusting experience. Previously Trey had worked in construction while serving in the U.S. Army, both stateside and overseas, gaining valuable knowledge that he would utilize later on in his professional career.

Trey started out as a branch manager and adjuster, which he did until 2004. He then transitioned to a larger adjusting firm to work as General Adjuster on up to Executive General Adjuster in 2019. Trey then worked as an EGA for another national firm until 2025, when he joined McLarens.

Among his career highlights, Trey has worked losses from hurricanes, arson fires, space exploration rocket explosions, as well as the Texas Freeze claims from 2021 & 2022. Trey has received recognition in the past for his attention to detail, customer service, and quality of his case files. He is often sought after from colleagues in the industry as a invaluable resource to provide advice and guidance on more difficult claims.

In his free time Trey is an active member of his church, and enjoys hunting, fishing, and motorsports.
