BIOGRAPHY

Ivan is a Registered Electrical Engineer and Licensed Master Electrician who transitioned into insurance loss adjusting in 2021. He has since managed a wide range of property and engineering claims, including electrical breakdowns, fire losses, and catastrophe-related damages across commercial, industrial, and energy facilities.

He has completed specialized training in non-life insurance, forensic accounting, fire insurance, and engineering-focused CAR/EAR workshops, building strong technical expertise in electrical systems, power distribution, and communication equipment. Ivan's specialties include Property, Catastrophe Response, TPA, Construction & Engineering, Heavy Equipment, and Energy & Natural Resources.
