### BIOGRAPHY

Nathan began his insurance career in 2005 after Hurricane Wilma. As a multi-line claims adjuster, he became involved in all aspects of claim handling for commercial property claims.

Nathan is highly experienced in complex claims adjusting and has a successful track record in the insurance industry with an emphasis in commercial property claims. He manages a wide range of property, builders' risk, and large habitational programs. Nathan is focused on development and integration of new processes to increase process efficiencies.

Recognized for an effective and results-driven adjustment approach, leading to appointments on major national accounts, including Fortune 500 companies.

Specializes in managing national accounts as an account adjuster, with industry expertise in hospitality, commercial property, and healthcare.
