BIOGRAPHY

David has 30 years' experience in the insurance industry and 25 years as a Loss Adjuster. Across the course of his loss adjusting career, David has been engaged by underwriters to assess a broad range of claims, including major and complex Property Damage matters with Business Interruption components, as well as Contract Works matters. Residing in Bendigo, David has considerable experience assessing claims throughout regional Victoria and has developed a reputation for expertise in relation to assessment of Rural/Farming losses.

David is highly regarded for his service levels and client empathy and is committed to working constructively with all claim stakeholders to efficiently and cost effectively resolve claims. David has worked with boutique and multinational loss adjusting firms both as a Loss Adjuster and as a people and process Manager. He has assessed claims arising out of numerous catastrophe events, including cyclones in northern Australia and the Victorian Black Saturday Bushfires, where he also played a significant role in management of the catastrophe response.

INDUSTRY CERTIFICATION
