### BIOGRAPHY

Ben is a Senior Executive Adjuster leading major and complex losses across the UK and Europe, with expansive experience in domestic and commercial claims.

Ben holds Fellow and Chartered status with both the Chartered Insurance Institute (CII) and the Chartered Institute of Loss Adjusters (CILA). This professional grounding has supported his progression into the management of major and complex losses across several countries.

As a Senior Executive Adjuster with McLarens, Ben leads multidisciplinary teams, handling claims with reserves repeatedly exceeding seven figures. These include catastrophic flood losses affecting public and private education institutions, large-scale theft and structural damage claims impacting warehouses or factory operations, and other complex matters requiring coordinated property damage management as well as careful consideration of business interruption losses.
