ADJUSTER EXPERIENCE

10 years

BIOGRAPHY

John is a National General Adjuster with over 10 years of experience in the insurance claims industry with specific expertise in assessing damage to building envelopes, roof systems, interior finishes, and mechanical components. As an adjuster, he advises and facilitates the resolution of property loss claims by thoroughly evaluating the loss and providing sound recommendations founded on an unwavering commitment to excellence.

John's adjusting experience includes projects throughout the United States. He has navigated large and complex insurance property loss claims for municipal complexes, commercial facilities, and residential properties. Projects have involved evaluating damage to building systems and components following fire, water, wind, and hail. He has investigated sites, developed damage evaluations and scopes, building code reviews, clerk of works, and prepared replacement cost estimates.

Previous experience includes working in different lines of business for a large insurance carrier. In this role, he conducted expert investigation and resolution for a wide range of insurance concerns including commercial property, general liability, builder's risk, agribusiness claims, and large loss property damage.
