### BIOGRAPHY

William commenced his insurance career in 1985 spending 3 years in a major broking house then 5 years in a composite insurer, before joining the loss adjusting profession in 1993. William joined McLarens in January 2007 as an Executive Adjuster and was involved in development of the business in Northern Ireland and Republic of Ireland. William was involved in the initial development of the McLarens Major Loss Practice and has been head of Major Loss for Ireland since 2019. He has also managed a portfolio of major losses throughout Europe (including Ukraine) and the African Continent which primarily involved manufacturing and telecommunications losses.

William regularly handles losses in the retail, hospitality, manufacturing and Real Estate sectors.

Overseas catastrophe experience includes:

- Hurricane Frances – Caribbean 2004
- Thai Floods – 2011 – Multi-million Dollar losses for Japanese multinational manufacturing companies
- Hurricane Dorian 2019 – Major Loss lead for losses on Grand Bahama including supermarkets, food and beverage manufacturers, telecommunication, airport and private island damage.

William has been the McLarens project lead for our response to the Covid-19 pandemic business interruption claims in the UK and ROI.
