BIOGRAPHY

Fred began his prestigious career in the insurance industry in 1974, working as an Adjuster and the Manager for GAB Business Services in Southern California. After a decade of service, he was hired for the independent adjusting firm of D.L. Glaze Company, working as a branch manager in the Bay Area, where he continued to hone his skills.

Fred's hard work and dedication in the insurance industry came into fruition with his role of National General Adjuster, and Associate Vice President and Manager of the NGA program at AIG Technical Services, which he served for almost two decades. Due to his excellent reputation in the industry, and his incredible work acumen, he was hired to be a Sr. Executive General Adjuster for Vericclaim for over 8 years and continued to work for Sedgwick after they acquired Vericclaim for a total of 15 years.

With his education and industry certifications, Fred is a sought-after resource for fellow Adjusters, and has helped to mentor many Adjusters throughout the years as they advanced their careers. Fred prides himself on his exceptional work ethic, and clients have always appreciated the customer service and attention to detail that he provides.
