BIOGRAPHY

Mahesh began his career with McLarens in 2010 after graduating with a First-Class Honours Master's degree in Mechanical Engineering from King's College London. Having successfully completed all required examinations, he subsequently attained the ACII and ACILA qualifications.

Over the course of his career, Mahesh has held technical, operational and leadership roles within the organisation, gaining extensive experience in handling major losses across the UK, Europe, and the Middle East.

Mahesh relocated to Dubai in 2024 and is currently the Operations Director for the Middle East region.
