

McLarens Sports & Leisure

From grass roots to top-flight

At McLarens, we have developed a specialist claims service tailored to the unique demands of the Sports & Leisure sector, aligned to our existing Entertainment & Contingency offering.

The sports and leisure industry plays a vital role in supporting communities, wellbeing, and commercial activity. However, it is also operationally complex, presenting a wide range of risks across property, liability, contingency and business interruption exposures.

Facilities often include large estates, specialist infrastructure, and high public footfall, combined with seasonal trading, event dependency, and reputational sensitivity. From golf courses and leisure centres to tennis clubs, stadiums and racing circuits, incidents can vary from high-frequency, low-value claims to large, complex losses involving multiple stakeholders.

In this dynamic and customer-facing sector, delivering a swift, accurate, and empathetic claims service is essential to minimise disruption, protect reputation, and support business continuity.

We provide a bespoke, sector-led approach to each claim, supported by a dedicated Sports & Leisure team across all regions, including:

- CILA-qualified loss adjusters
- Liability and injury specialists
- Forensic accountants (Business Interruption)
- Building surveyors and engineers
- Technical equipment experts
- Specialist investigators

Our teams combine technical expertise with strong customer handling, recognising the importance of maintaining trusted relationships between insurers, brokers, and policyholders.

Our experience spans a wide range of sports and leisure risks, including:

- Ball sports
- Motor racing
- Athletic clubs
- Leisure centres, spas and gyms
- Outdoor pursuits
- Water sports
- Equestrian sports
- Contact sports

We understand the nuances of sector-specific claims, including:

- Playing surface damage
- Event cancellation and contingency losses
- Injury and liability exposures
- Theft of specialist equipment
- Weather and flood-related losses
- Complex Business Interruption scenarios

If you would like to discuss your current requirements or to obtain further details of our services and range of expertise, then please contact:
