BIOGRAPHY

With career-long experience as an Independent Adjuster, Mike joined McLarens in 2020. Presently, Mike is a Senior Executive General Adjuster focused on management of complex property program accounts.

Based in Southern California, Mike has a successful track record handling and managing commercial property claim portfolios, utilizing a collaborative style with an eye toward big-picture solutions. This approach and demonstrated acumen led to Mike being appointed on challenging accounts with a varied array of exposures.

Mike has been a speaker at national industry conferences with a focus on the evolving nature of cannabis claims and legality in the US. He is presently focused on account management and continues to develop and employ a situational, tailored approach to assist Insurers, Underwriters, and Broking partners across the Industry.
