BIOGRAPHY

Nathan Holman joined McLarens in 2022 and brings more than 20 years of insurance industry experience, including agency operations, property claims adjustment, appraisal services, catastrophe response, and complex commercial loss management. He specializes in commercial property claims, business interruption, builder's risk, coverage analysis, appraisal matters, and dispute resolution.

Nathan has extensive national large-loss expertise and technical knowledge of commercial roofing systems, building envelopes, interior finishes, and complex property losses involving hail, fire, water, wind, freeze, and builder's risk exposures. He has successfully managed high-exposure losses exceeding \$40 million and is known for his strong communication, coverage expertise, and commitment to exceptional client service.
