ADJUSTER EXPERIENCE

36 Years

BIOGRAPHY

Jeff has served the insurance industry for over 36 years. He began his career working for a national insurance Carrier and made the move to a national loss adjusting company where he advanced quickly and developed loss adjusting skills in the commercial loss discipline with an emphasis in business interruption. As Jeff advanced, he became heavily involved in telecommunications, hospitality, real estate, mining and other specialized risks.

Trusted with some of the largest risks in North America, Jeff is a notable and recognized loss adjuster in the commercial insurance industry. His highly effective adjustment style and techniques have led to his appointment on various major accounts including Fortune 500 and 1000 companies.

As the current Leader of the Senior Executive General Adjuster (SEGA) team, formally organized in 2020, Jeff still manages losses but also oversees a team of SEGA's across the country that is focused on development and integration of new processes to increase process efficiencies, provide training and mentoring opportunities within the business and drive successful claim outcomes.

Jeff has been a speaker at numerous industry conferences providing thought leadership at national events with a mining and a hospitality focus.
