BIOGRAPHY

For the past seven years, Ahmad has worked in the insurance industry as a Property, Casualty and Engineering Loss Adjuster.

In 2026, Ahmad joined McLarens UAE as a Loss Adjuster, handling a diverse range of engineering and property claims.

Ahmad holds the Associate in Insurance (AINS®) certification.

Prior to moving into loss adjusting, Ahmad worked for six years as an Electrical Engineer within the engineering departments of pharmaceutical and textile manufacturing companies in Saudi Arabia and Jordan.

He then spent five years as a Senior Electrical Engineer working on construction projects in Jordan.
